

# Biotechnology News

March 2014

## New personnel/guests.

We say welcome to our new administrator **Emma Poaches**. She will work together with Siv for a couple of weeks and then take over in the middle of April.

**Sanel Peric** has started since March 2014 to help us at Biotechnology with financial issues.

[Sanel.Peric@kilu.lu.se](mailto:Sanel.Peric@kilu.lu.se) ank. 281 21

**Prof.K. Sudesh** from USM, Malaysia is dividing his sabbatical time between Biotechnology and Polymer Technology until June 2014.

**Lorena Martin Valverde** from Spain is here to work in Patricks group.

**Heng King Sern** from Universiti Sains Malaysia, will come in April and work in Rajnis group for 3 months in a Swedish Research Links project.

## Theses worker

**Milad Abolhalaj** has started the master work under supervision of Serena and Gashaw.

Summer time starts on March 29-30 the night between Saturday and Sunday. You have to set the time 1 hour forward.

## Exam:

**2014-03-21 Gry Jespersen** will defend her PhD thesis “Cryogel as Solid Supports in Bioprocessing” at 13.30h in Lecture hall B. The opponent is James Van Alstine from Uppsala, Sweden.

## Contributions to the newsletter:

Please send an e-mail to Emma with what you want to have included. ([emma.poaches@biotek.lu.se](mailto:emma.poaches@biotek.lu.se))
